Benefits to the Community

Alpha Beta Gamma provides a way of honoring outstanding business professionals and community leaders through national honorary membership in the society. The society also is instrumental in bringing business professionals on campus to speak to and assist business students. The Delta Chapter, for example, in cooperation with the Young Presidents Club (a national organization of youthful corporate presidents) sponsors a Power Breakfast with a President. These corporate presidents speak about academic and employment topics, give advice to students, and answer students' questions. Kiwanis Clubs and Lions Clubs are also great sources of business speakers for the chapter.
