

Communication

[Program Requirements](#) [Search Courses](#)

Speech Communication is the study of how people create shared meaning through the use of verbal and nonverbal symbols. Speech Communication majors work to develop confidence and proficiency in their ability to speak in small and large groups, interact effectively with others in interpersonal and group settings, and think critically as it relates to argumentation and advocacy.

The Speech Communication Field of Study is designed to provide the appropriate curriculum for students transferring into a Bachelor of Arts program with a major in Speech Communication or Communication Studies and provides many of the foundational courses for Public Relations and Mass Communication.

Many careers require education beyond the associate degree. Students should work with their advisor to tailor course selections to align with their chosen transfer university. The transfer plan(s) on this page shows a tailored example for a university commonly chosen by Lee College students. However, students may choose to continue their education at any university.

What Will I Learn?

Speech Communication is a highly versatile career field, in that it teaches students about crucial issues of human relationships, particularly as revealed through communication issues. Speech Communication courses provide an essential foundation for students to develop professional, work-related skills and develop communication competency in all interactions.

What Can I Do with This Course of Study?

The Speech Communication curriculum is designed to satisfy the lower division requirements for a bachelor's degree in communications at four-year colleges in the state of Texas. With an advanced degree in Speech Communication, graduates are prepared to succeed in professional fields including corporate communication, public relations, marketing, training, event planning, journalism, and more. Professional opportunities may include:

- Public Relations Specialist
- Sales Representatives of Services
- Market Research Analysts and Marketing Specialists
- Meeting, Convention, and Event Planning
- Training and Development Specialists
- News Analysts, Reporters, and Journalists

Communication UHCL Transfer Plan

This plan includes course options for transferring into a communication BA at UHCL. The plan includes less than the 60 hours required for an Associate of Arts. Students need to complete additional associate degree requirements or use reverse transfer to complete their Associate of Arts.

Foundations: These are the courses students need in order to progress in their career/college pathway, as they either provide a certificate or lay the groundwork for moving to the next set of courses.

Lee College		UHCL
Course	Course Title	Counts Toward
EDUC 1200	Learning Frameworks	PSYC 1100
